

PIVOT

Ross Video has a complete range of technical services available to ensure that your Pivot Camera system installation is a success.

Operational Training can be provided at Ross Video, on-site or on the web. Experienced Ross operators will teach your staff to get the most out of your new system, and enhance your productions.

Commissioning is a service to help get your Pivot Camera system properly configured, connected and installed. This service is performed by factory trained Ross technical staff.

Technical Training can be provided at Ross Video, on-site or over the web. Technical training will teach your engineering staff the technical details of the system you have purchased. System configuration, interfaces, databases, and routine maintenance procedures are some of the topics covered.

Pivot Cameras come standard with a 1 year comprehensive warranty. **Extended Warranties** on hardware and software maintenance are available for an annual fee.

Technical advice is available on-line, by telephone, or email to Ross Video – **Free for the life of your system.**

Pivotcam HD

PivotCam is a high-performance, cost-effective PTZ camera that gets you on-the-scene fast, and keeps you there. Watch, follow, and twist your way to the front of the crowd. Want to capture pivotal moments? > *Pivot. Like. This.*

www.rossvideo.com/pivotcam

Pan. Tilt. Zoom. Repeat.

PivotCam is controlled via a Carbonite Production Switcher joystick, or from an intuitive DashBoard panel you use from virtually anywhere. Whirl your way along with either on-the-fly manual control, or with pre-programmed moves you instantly recall without missing an auto-focused moment.

PivotCam includes wall and ceiling mounts which help you achieve creative vantage points and makes a perfect companion for engaging assembly, corporate, education, internet, and broadcast applications.
